The Community Year Application

We're excited that you're interested in exploring The Community Year (TCY) as an option for your high school career. Filling out and submitting this application is the first step in the process. Once we receive your completed application, we'll contact you to schedule an interview. The interview is an opportunity for us to get to know one another, for you to ask any questions you have about the program, and for us to collectively determine if this will be a good fit for you as a learner. If you have any questions as you are filling out this form, do not hesitate to contact us. You can find our contact information at the bottom of this form.

Please provide answers to the following questions. We are looking for fairly developed answers to these questions as a way to really get a sense of who you are and if this program will be a good fit for you, so please be as thorough as possible. Feel free to answer on a separate sheet if that's helpful.

Based on what you know about the CCLC, and from what you have read in the brochure or on our website, explain why you want to participate in TCY. What excites you? What might challenge you?

Please describe yourself as a student. What's your learning style? In what kind(s) of environments or situations do you best learn?

What are your interests? For example, are you involved in any clubs, sports, or extracurricular activities? What do you like to do in your free time? Do you have any hobbies?

Each participant in TCY will be an important member of our group. What qualities, talents or gifts would you contribute to our learning community?

At the end of The Community Year how will you be different? What do you hope to achieve?

What is one thing that you have always wanted to do and are determined to do in your lifetime?

Please describe if you have any special dietary, physical, academic or emotional needs that you would like us to know about.

The undersigned applicant understands that final acceptance for participation in the program will be based on these areas:

1. Completion of the application and participation in an interview.
2. Demonstration of full knowledge and understanding of the program.
3. Demonstration of a willingness to make a full commitment to participate in the program.
4. A clear sense that you, the student, can expect a likelihood of success as a participant in the program.
